

A is for Ambition

Ambition

A in Asha stands for aspiration and ambition. This is why we support it. Asha is a super inspiring charity who help so many children in the New Delhi slums.

Education levels in the New Delhi slums are low, partially due to poor facilities. Asha has transformed classrooms into easier places to study and learn. Now children's dreams can become realities. Parents of children in slums don't think that it is worthwhile and want them to earn money instead. As a result, ASHA educate communities on the importance of education and help to raise children's ambition by encouraging them to go to university.

Before Asha helped;

After Asha helped;
